

The AT&T Solution Provider Champion. Uniting the strengths of two companies working together to bring the best communication solutions to your business.

AT&T is pleased to acknowledge ValueComm Corp. as an AT&T Solution Provider and a member of the Champions team, who has earned this exclusive distinction based on their experience, qualifications, and the top tier revenue contribution in the program. As the largest telecommunications company in the U.S. and one of the largest in the world, AT&T prides itself on providing the highest levels of network performance, control, security, and agility, as well as a superior customer experience. To meet the communications needs of business customers like you, AT&T works with Solution Providers whose capabilities complement our own. Our Solution Providers sell both nationally and internationally across our entire business portfolio including data networking, mobility business solutions, internet options, application services, and local / long distance connectivity.

ValueComm Corp. has met stringent requirements to become an AT&T Solution Provider. They have undergone a rigorous on-boarding experience covering AT&T products, services, and processes. They are provided with an AT&T channel manager who works with both the Solution Provider and their customers to ensure that they have the tools they need to represent your business needs with the utmost quality. They bring this value to you through:

- Participation in industry-recognized educational programs
- Access to world class sales support and solution design organizations
- Synergies with AT&T network management, customer care, and billing

We know it is crucial that you spend your valuable resources wisely and realize a higher return on your telecommunications investment. We are here to help. You can contact the AT&T Channel manager, Ben Berg for more information at 773-509-2626. Or Contact our Solution Provider ValueComm Corp. directly at 847-577-1111 today for an assessment of your current technology needs. You can also visit their website at www.valuecomm.org

Sincerely,

Kevin Leonard
Vice President, Alternate Channels
